Prepare both a summary paragraph and a general description of the resource and its various elements as it exists today.

This row of five twentieth-century commercial units faces west onto Maryland Route 765 across from the Calvert County Courthouse. The individual units were constructed at different times, but sometime during the 1930s or 1940s, the entire set of facades was given a common veneer of orange-red pressed brick with recessed mortar joints. The southernmost half of this structure, defined by the modern metal awning, has been completely rebuilt for use as County government offices.
